

Kenya's Candidature for a Non-Permanent Seat at the United Nations Security Council for the Period 2021-2022

Kenya is bidding for a non-permanent seat at the United Nations Security Council (UNSC) for the 2021-2022 term. One seat is available for Africa in this term and will be served by a country in the Eastern Africa Region. On 21st August, 2019, the African Union endorsed Kenya as Africa's Candidate for the non-permanent seat at the United Nations Security Council for the 2021-2022 term by securing over two thirds of the African Union membership vote.

Kenya is a safe pair of hands that can be trusted to champion Africa's peace and security Agenda in the UNSC as well as adhere to principles and dictates of the UN Charter in building a peaceful, stable and prosperous global order. Below is Kenya's ten point agenda at the United Nations Security Council.

The graphic features the United Nations logo on the left and the text "KENYA AU ENDORSED CANDIDATE FOR UN SECURITY COUNCIL 2021 - 2022" with the Kenyan flag colors on the right. Below this is the title "KENYA'S TEN POINT AGENDA AT THE UNSC" in bold red and black letters. The ten points are arranged in two rows of five, each with a unique icon and a corresponding text label. At the bottom, the slogan "SUPPORT AFRICA, VOTE KENYA" is written in bold black and red letters.
